3. Update from principals
 - a. High School – provided update of budget and year-to-date. See attached. Do need to order Smart Board for Math class. Jeff will follow up. Feels like we are on track to stay on budget. Aids/Teachers will start to spend down more with summer school/ACT prep.

Jeff will be making a proposal at the admin meeting on Wednesday for a remediation program – district wide take class periods and shorten slightly – 2:41 excused unless you have D (or C?) or lower then the student is tagged and will have to go to extra 20 minutes of class time in the class they are struggling in for remediation –out at 3:05
 - b. Elementary – Mr. LeFevre excused – Nathan Platt reporting on his behalf. About 40% of the budget remaining. Feels like we are on track to spend the budget. Changes at the elementary. Positions of John and Caleb Cloud have been filled -Amber will help with reading and Lizzie Platt will take over ESL. Update on elementary school – will have public hearing in BV Auditorium at 5:00 PM on Tuesday January 16th. (School Board work meeting at 6:00 to follow) Need support from as many parents in the area as possible. BVE Faculty feel we need 2 additional rooms (guided reading and art/music room). This was not approved by the School Board. Clarify if the plan provides heating and A/C both. For more information go to School district website, board meetings, January 16th work meeting, Board Docs
4. SRS Funds – may be lost – someone needs to sponsor the bill to make it pay at higher current rate? Any update/letters sent? Mr. Brinkerhoff stated there is an admin meeting Wednesday and he will check on status of this. If there is time left, we should all sign a letter requesting this to be sponsored. Jeff will advise and April and Lance will coordinate on email template/contacts for council and community members to send.
5. Next Meeting: February 12th.
6. Carlon Motion to dismiss
