

Bryce Valley Elementary School Title I Schoolwide Program Plan 2024-2025

Any school that operates a Title I Schoolwide Program must, with the input of stakeholders, conduct a comprehensive needs assessment (CNA) and, based on the analyses of the CNA, develop a schoolwide plan. This template or a separate Title I Plan is not required if a school's improvement plan contains all required components of the Elementary and Secondary Education Act (ESEA).

School/LEA Information

School Name

Bryce Valley Elementary School

LEA Name

Garfield County School District

Plan for the School Year

2024-2025

A. Stakeholder Planning Team - ESEA Sec. 1114(b)(2)

1. List the stakeholders who developed, and will help implement and evaluate, the Schoolwide Program (add extra lines for any additional stakeholders).

Stakeholder Title	Stakeholder Name	Stakeholder Signature
Principal/Director	C. Pete Peterson	Cobsentario-
LEA Title I Director	Phoebe Wiseman	Shrene Dese
Faculty Member	Andrea Brinkerhoff	andra Bul DM
Faculty Member	Samie Ott	Suevolt
Faculty Member (Special Ed)	Nathan Platt	Satter To The
Faculty Member	Trista Rich	Sproto
Faculty Member	Kimberly Stewart	Kimberly Stewart
Parent, non-school employee	Hayley Pollock	thylu Pallow
Parent, PTA Representative	Lacy Post	Jaupot
Community Member, not associated with school	Luciene Syrett	Jun Sto
Paraprofessional, ESL	Elizabeth Armenta	Elizabeth Trynn armenta

 Describe the process for involving stakeholders and how their input was used to develop the Schoolwide Program.

Our PTA

Most of the parents and faculty members are on the BVES community council (shared jointly with Bryce Valley High School). We used this council to get feedback and input from stakeholders. We have invited parents, the school board, the Superintendent and the Business Manager to offer input at faculty meetings where we spoke specifically about what Title I is, how we qualify, and what data we were looking at in order to prepare goals and a plan for using Title I funding.

We have been directed by the Garfield County District Office to spend the majority of money on people (paraprofessionals) as much as possible, because "stuff" money often goes unused and is wasted or returned.

B. Comprehensive Needs Assessment (CNA) - ESEA Sec. 1114(b)(6)

The CNA is a systematic effort to acquire an accurate and thorough picture of the strengths and weaknesses of the school that impact equitable student outcomes.

List all sources of data collected and analyzed (i.e., longitudinal student academic and nonacademic achievement, curriculum and instruction, professional learning opportunities, school climate and culture, family and community engagement, etc.)

Our DiBELS scores (reading) have been improved slightly. We, again, are committed to raising the scores (both per student and per class) by three percentage points per year. It is a daunting task but we believe we are up to the challenge.

Likewise, our Acadience scores have been less than stellar. For several years, while Bryce Valley Elementary was Title I qualified, it wasn't served to the level required by the state. Monies were misallocated but found and corrected and we are off to a fresh start. We went from about \$7,000 a year in the 2019-2020 school year to a current budget of around \$44,000. We are now using the money to purchase two paraprofessionals and are working to spend monies on materials related to reading and math (with some ESL supplies and Early Childhood materials). We know that early intervention is paramount for all children, but especially those from at risk environments. We have an incredibly high population that falls below the poverty line. We also have a migrant population of Hispanics and Native Americans.

We need to find better ways to involve parents. That said, we are at about 95% parent-teacher compacts/conference attendance, up by almost 5%; and we are about 70% of parents coming to school on activity nights.

Finally, we have children who come from difficult circumstances. We have started offering Social and Emotional Learning to them. This is in collaboration with Garfield County School District. We have begun using Responsive Classroom and have sent six teachers to training for this program.

 Summarize main findings including an examination of student, teacher, school, and family/community strengths and needs. Findings should include detailed analysis of all student groups of 10 or more, i.e., students identified as economically disadvantaged, students with disabilities, students identified as English learners, and students by major racial and ethnic groups. This analysis should show direct relationships from the data and root causes in the Comprehensive Needs Assessment to the priorities identified in the next section. Prioritize the school's top needs as evidenced by the CNA. 		Schoolwide beginning of year (BOY) DIBELS scores are as follows: 2020-2021 Reading 58% proficient Red (Well Below Benchmark) 30% Yellow (Below Benchmark) 12% Green (Benchmark) 23% Blue Above benchmark 35% 2021-2022 Reading 49% proficient Red (Well Below Benchmark) 31% Yellow (Below Benchmark) 20% Green (Benchmark) 17% Blue Above benchmark 32% 2022-2023 Reading (MOY) 58% proficient Red (Well Below Benchmark) 28% Yellow (Below Benchmark) 13% Green (Benchmark) 25% Blue Above (Benchmark) 33% We are 58% proficient on MOY 2022-2023 school year. This is up almost 10% from the previous year. We're working hard but have a substantial way to go. Priority 1: Raise English language learner scores by a full 10% so BVES is removed from the statewide TSI designation (Targeted Support and Improvement) Our scores are		
		Priority 2: Priority 3:	Math achievement/growth English/Language Arts	
			achievement/growth.	
C. De	evelop a Comprehensive Sch	ioolwide Plan – ESE	A Sec. 1114(b)(7)	
A Sch	noolwide Plan consists of strategie am and improve the outcomes for	es the school will use to	o upgrade the entire educational	
1.	For each of the prioritized needs (from CNA), identify specific strategies the school will implement. Detail the <i>who</i> , <i>what</i> , <i>how</i> , and <i>when</i> of strategy implementation. Strategies should be evidence based (ESEA Sec. 8101(21)(A)).	Priority (From previous section)	Evidence-Based Strategies and Implementation Plans	
		English/Language Arts achievement/growth.	Strategy(ies): This becomes a schoolwide effort for all teachers. The younger grades, (K-3) teach across the core so this becomes an individual teacher responsibility.	

Teachers will receive materials this year and will use them to supplement current district-wide curriculum to assist. They began at the beginning of this school year.

In the older grades (4-6) this responsibility lands primarily on Mrs. Ott (as she is the language arts teacher) but all teachers assume the responsibility for the teaching and learning of reading.

Bryce Valley Elementary will provide professional development days for teachers to collaborate and work on a scope and sequence of instruction, create common assessments and rubrics, and analyze data.

BVES will provide professional development through sending teachers to other schools for observations and Q/A sessions and provide substitutes for these teachers. We will also purchase professional development literature as needed or conference registrations that align with our goals.

BVES will provide instructional supplies for paraprofessionals and teachers as needed.

Purchasing materials to support this priority.

Math achievement/growth

Strategy(ies):

This becomes a schoolwide effort for all teachers.

The younger grades, (K-3) teach across the core so this becomes an individual teacher responsibility. They will receive materials this year and will use them to supplement current district-wide curriculum to assist. They began at the beginning of this school year.

In the older grades (4-6) this responsibility lands primarily on Mr. Miller (as she is the mathematics teacher) but all teachers assume the responsibility for the teaching and learning of math.

	Purchasing materials to support this priority. BVES will provide instructional supplies for paraprofessionals and teachers as needed.
Raise English language learner scores so BVES is removed from the statewide TSI designation (Targeted Support and Improvement) Our scores are lowest in this area	We have hired a wonderful Spanish speaking para who is in charge of this program. Additionally, we have hired a native Spanish speaker who is assisting in these efforts. It is our intent to be removed from this list by the end of this school year. Nevertheless, we will push for an additional ESL person to help with our language learners.
Purchase materials that will aide children (research based) in the acquisition of these skills.	Strategy(ies): Pete Peterson, school principal, will approve all purchases. Teachers will evaluate materials and pick research-based materials for their classrooms that will accentuate their core (and district) curriculum

2. Outline a **communication plan** specifying how staff, families, and other stakeholders will be made aware of the Schoolwide Program.

We currently communicate with parents in several ways (more when you consider teacher texts, etc). Notes are sent home, emails are created and sent from the office, and we use Facebook, Class Dojo and SchoolBinder. The schoolwide plan will be mailed to all stakeholders. We will ALSO attach the letter to the school website.

- Summarize parent and family engagement strategies that will be implemented to improve student learning, e.g., literacy training, using technology, etc. (ESEA 1118(e)(2))
- 1) Annual Title I meeting (in conjunction with Back to School Night)

 At these meetings parents will be informed of Bryce Valley Elementary School's participation in the Title I program and their children's right to be involved. Such meetings may include: Back to School Night, Parent-Teacher Conferences, Student Success Team Meetings and individual meetings with intervention specialists. In addition, teachers will inform parents at the first parent-teacher conference of the year about how Title I functions at their child's specific grade level.
- 2) Parental Input and Review of the Policy and Plan
 Involvement may include but is not limited to Community Council Meetings and school newsletters.
- 3) Description and explanation of Standards, Assessments and Curriculum

 Curriculum, core standards, and assessment information are provided at the first parent teacher conference. Parents meet with teachers twice a year to set goals and go over all assessments of their students (Compacts). Parent news letters are sent home at least monthly

4) Bryce Valley Elementary School Staff and the Garfield County School District Title I Director will work together to ensure effective engagement of parents. They will support partnerships among the school, parents, and the community to improve student achievement. Parents will receive a copy of the Garfield County School Parent Engagement Policy (attached). We will hold annual meetings and notify parents in multiple ways to make them aware of these meetings. Parent training will be provided during Back to School Night as well as our parent engagement nights throughout the year. Parent compacts with the teacher will be held at a minimum of two times annually (once in October and once in March) and personal contact between each teacher and their students' parents will be done quarterly providing an update on student achievement.

Additional parent conference times will be available upon request. An annual Parent/School Compact review will be conducted at Back to School Night. We will provide parents with a description of the math and reading curriculum in use at the school and will share these programs' resources that can be utilized at home. Regular reports of student progress will be sent home at a minimum of 4 times a year. Information related to each grade level's essential standards will be sent home to parents and made available on the website. Student progress with regard to curricula and state standards will be discussed during parent conferences. School staff and parents will work together, through compact, to improve student achievement.

D. Regular Monitoring and Plan Revision - ESEA Sec. 1114(b)(3)

The Schoolwide Program strategies are regularly monitored, and revised as necessary, based on evolving student needs.

- Articulate the **benchmarks** to be used to evaluate program effectiveness, including, but not limited to, measuring the academic progress of each student.
- Indicate the **frequency**, e.g., monthly, quarterly, annually, etc. with which each benchmark will be monitored.
- Specify the **resources**, e.g., time, personnel, methods, that will be dedicated to monitoring and evaluating the implementation of the Schoolwide Program.

Benchmarks	Frequency	Resources
Acadience Math	3X per year	
iReady Math	3X per year	
DiBELS	3X per year	

DIBELS MOY & EOY Data: This data will be collected in January and May of the school year. This data will be a measurement we use to identify effectiveness in language arts instruction

RISE Data This data will be collected at the end of the school year in May. We will use this data to measure our effectiveness in language arts, math, and science instruction.

E. Coordination and Integration of Services and Resources – ESEA Sec. 1114(b)(6)

Show how Title I funds, along with other local, state and/or federal resources, will be used to implement the Schoolwide Program strategies. \$44,000.00

Schoolwide Program Strategies (from Section C)	Funding Stream/Program*	Approximate \$ Amount	Additional Resources**
English/Language Arts achievement/growth.	Title I, Part A	\$ 5,000.00	Monies are blended with other accounts (including SpEd, Reading, General, Library, IDEA and TSSA, and Trustlands

Purchase additional materials for Mathematics (including manipulatives)	Title I, Part A	\$3,400.00	Monies are blended with other accounts (including SpEd, Reading, General, Library, IDEA and TSSA, and Trustlands
Title I paraprofessional(s) This money could INSTEAD be used for an additional ESL Teacher	Title I, Part A	\$30,000	Monies are blended with other accounts (including SpEd, Reading, General, Library, IDEA and TSSA, and Trustlands

The bold and blue items below all contribute to our priorities. We also use monies from our regular accounts and TSSA.

*Additional Programs/Funding Streams: Title I, Part C, Education of Migratory Children; Title I, Part D, Programs for Children and Youth Who are Neglected, Delinquent, At-Risk; Title II, High Quality Teachers and Principals; Title III, Language Instruction for Limited English Proficient and Immigrant Students; Title VI, Indian Education; Title VII, Part B, McKinney-Vento, Education for Homeless Children and Youths; IDEA, Part B, Assistance for Children with Disabilities; Carl D. Perkins, Vocational and Technical Education (CTE); Title I, Family Engagement; Title I, Sec. 1003(a) and (g), School Improvement; State School Turnaround; Utah Trust Lands; State Enhancement for At-Risk Students (EARS); etc.

**Additional Equity Resources: teacher quality, school leadership quality, academic rigor, instructional time and attention, early learning/interventions, whole child approaches, diverse and inclusive school approaches, family academic engagement, etc.

F. Staff Qualifications – ESEA Sec. 1111(g)(2)(J)

All teachers and instructional paraprofessionals <u>must</u> meet State certification and licensure requirements.

Documentation for school staff demonstrates the following:

YES All teachers are state certified, i.e., have a Professional License, Associate License, or LEA-Specific License (Board Rule R277-301) and appear as **USOE Qualified** in **CACTUS**.

All teachers at Bryce Valley Elementary are Highly Qualified. All paraprofessionals, but one, are Highly Qualified

No All instructional paraprofessionals are highly qualified, i.e., a high school graduation/GED and one of the following: an associate degree (or higher); at least 48 semester hours at an accredited college or university, or a score of 460 or higher on the ParaPro Assessment

WE, THE UNDERSIGNED, HEREBY CERTIFY that to the best of our knowledge we have complied with all the components in our Title I Schoolwide Program and have developed our plan based on needs and strengths identified through a comprehensive analysis of current academic and nonacademic data. We have built into our plan a process for evaluating whether the evidence-based strategies are resulting in improved student outcomes.

School Principal/Director
